The assessments shall commence as to each Affected Lot upon its conveyance by Declarant to an Owner that is not an affiliate of Declarant. The rate at which each Affected Lot will be assessed, and whether such assessment shall be payable quarterly or annually, will be determined by the Board of Directors of the Association at least thirty (30) days in advance of each affected assessment period. Said rate may be adjusted from time to time by the Board of Directors as the needs of the Association may, in the judgment of the Directors require. The assessment for each Affected Lot shall be uniform. The Association shall, upon written demand and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether or not the assessment has been paid for the assessment period.

(b) Purpose of Assessment Fund. The Association shall establish an assessment fund composed of Owners' annual assessments and shall use the proceeds of such fund providing for normal maintenance charges for the Common Maintenance Areas for the use and benefit of all members of the Association. The Association shall, in addition, establish and maintain an adequate reserve fund for the periodic maintenance, repair and replacement of improvements of the Common Maintenance Area. The fund shall be established and maintained out of the regular annual assessments.

The Association may commingle the proceeds of such special assessment with the assessment fund. Such proceeds shall be used solely and exclusively to fund the nonrecurring maintenance or improvements in question.

Section 4. Non-payment of Assessments: Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the highest non-usurious rate of interest allowed by Texas law or eighteen percent (18%) per annum, whichever is less. The Association shall have the authority to impose late charges to compensate for administrative and processing costs of late payments on such terms as it may establish by duly adopted resolutions and the Association may bring an action at law against the Owner personally obligated to pay the same, or attach a lien against the property, in accordance with the terms and provisions of Section 51.002 of the Texas Property Code, as amended, or otherwise. To secure the payment the assessments established hereby and to be levied on individual Affected Lots as above provided, and the performance by the Owners of the Affected Lots of all of the duties, obligations and indebtedness of such Owners as set forth herein and in the By-Laws of the Association, there is hereby reserved a lien for the benefit of the Association, said lien to be enforceable through appropriate proceedings at law or in equity by such beneficiary; provided, however, that each such lien shall be specifically made secondary, subordinate and inferior to all liens, present and future, given, granted, and created by or at the insistence and request of the Owner of any such Affected Lot to secure the payment of monies advanced or to be advanced on account of the purchase price and/or the improvement of any such Affected Lot; and further provided that as a condition precedent to any proceeding to enforce such lien upon any Affected Lot upon which there is an outstanding valid and subsisting first mortgage lien, said beneficiary shall give the holder of such first mortgage sixty (60) days written notice of such proposed action, such notice, which shall be sent to the nearest office of the lienholder by prepaid U.S. certified or registered mail, to contain the statement of the delinquent maintenance charges upon which the proposed action is based. Upon the request of any such first mortgage lienholder, any such beneficiary shall acknowledge in writing its obligation to give the foregoing notice with respect to the particular property covered by such first mortgage lien to the holder thereof. Sale or transfer of an Affected Lot shall not affect the assessment lien. However, the sale or transfer of any Affected Lot pursuant to mortgage foreclosure shall extinguish the lien of such assessment as to payments which became due prior to such sale or transfer. No sale, foreclosure or transfer shall relieve such Affected Lot from liability for any assessments thereafter becoming due or from the lien thereof. The Association shall have the right to file notices of liens in favor of such Association in the Real Property Records of Collin County, Texas.

Section 6. Voting Rights.

(a) Voting Membership. All Owners shall be entitled to one (1) vote for each Affected Lot owned. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at such subsequent meeting shall be twenty-five percent (25%) of the quorum requirement of such prior meeting. The Association may call as many subsequent meetings as may be required to achieve a quorum (the quorum requirement being reduced for each such meeting in accordance with the terms and provisions of the immediately preceding sentence). No Owner may erect or maintain a television or radio receiving or transmitting antenna, satellite dish or similar implement or apparatus, or solar collector panels or equipment upon any Affected Lot unless such apparatus is erected and maintained in such a way that it is screened from public view at a point in the center of the public right-of-way directly in front of (and, in the case of a corner lot, also screened from public view at a point in the center of the public right-of-way to the side of) the house erected on the Affected Lot.

Section 15. Chimneys. All fireplaces, flues, smoke stacks, and spark arrestors shall be completely enclosed and concealed from public view in finished chimneys of materials architecturally compatible with the principal finish material of the exterior of the dwelling.

Section 16. Clothes Hanging Devices. Exterior clothes hanging devices shall not be permitted.

Section 17. Window Treatment. No aluminum foil, reflective film or similar treatment shall be placed on window or glass doors.

Section 18. Water Wells. The drilling, operating, or maintaining of any water wells on any Affected Lot shall not be permitted. Each Unit shall be connected to the City water and sanitary sewer system.

Section 19. Architectural Control Committee. The Architectural Control Committee (herein called the "Committee") shall be composed of three (3) individuals selected and appointed by the Association, each generally familiar with residential and community development design matters and knowledgeable about the Association's concern for a high level of taste and design standards within the Property. The Committee shall function as the representative of the Owners of the Affected Lots for the purposes herein set forth as well as for all other purposes consistent with the creation and preservation of a first-class community development. The Committee shall use its best efforts to promote and ensure a high level of taste, design, quality, harmony and conformity throughout the Property.

In the event of the death or resignation of any member of the Committee, the Association shall have full authority to designate and appoint a successor. The Association shall have the right to remove any member of the Committee at any time, with or without cause. No member of the Committee shall be liable for, and shall be indemnified against, claims, causes of action or damages (except where occasioned by gross negligence or arbitrary and capricious conduct) arising out of services performed pursuant to this Declaration. The Committee shall be entitled, at any time and from time to time, to seek and obtain professional advice and counsel (including but not limited to architects, attorneys, designers, engineers and landscape technicians) in connection with the performance of its duties and all reasonable costs and expenses related thereto paid for or reimbursed by the Association. The Association shall have the right and power to impose and collect a reasonable fee from each Owner for the review and approval/disapproval process and services rendered by the Committee.

No building, structure, fence, wall or improvement of any kind or nature shall be erected, placed or altered on any Affected Lot until all plans and specifications have been submitted to and approved by the Committee, or a majority of its members, as to:

The Committee is authorized and empowered to consider and review any and all aspects of dwelling construction which may, in the reasonable opinion of the Committee, adversely affect the living enjoyment of one or more Owners or the general value of the Property.

Final plans and specifications shall be submitted in duplicate to the Committee for approval or disapproval. The Committee is authorized to request the submission of proposed construction materials. At such time as the plans and specifications meet the approval of the Committee, one complete set of plans and specifications will be retained by the Committee and the other complete set will be marked "Approved" and returned to the Owner or his designated representative. If found not to be in compliance with this Declaration, one set of such plans and specifications shall be returned "Disapproved", accompanied by a reasonable statement of items found not to comply with this Declaration. Any material modification or change to the approved set of plans and specification must again be submitted to the Committee for its inspection and approval. The Committee's approval or disapproval, as required herein, shall be evidenced in writing. If the Committee fails to approve or disapprove such plans and specifications within thirty (30) after the date of submission, then such instruments shall be submitted by such Owner to the Board of Directors of the Association. If the Board of Directors fails to approve or disapprove such plans and specifications within fifteen (15) days, then the Committee and Association approval shall be presumed. No approval of any plans by the Committee or the Board of Directors shall be construed to mean that the plans comply with applicable law, building code, or governmental regulation, it being the responsibility of the person submitting any plans to assure compliance with all applicable laws. Notwithstanding the foregoing, Declarant or any other party regularly engaged in the construction of new single-family residences on the Lots shall only be required to submit standard plans and specifications for each type of residence to be constructed on a Lot one (1) time to the Committee for approval and upon obtaining such approval the party shall be entitled to construct residences based upon the standard plans and specifications approved without seeking further approval.

The Committee may from time to time publish and promulgate architectural standards bulletins and/or lot information sheets which shall be fair, reasonable and uniformly applied and shall carry forward the spirit and intention of this Declaration. Unless otherwise indicated herein, the Committee shall not have unbridled discretion with respect to taste, design and any standards specified herein, and the Committee shall be responsive to technological advances or general changes in architectural designs and materials and related conditions in future years and use its best efforts to balance the equities between matters of taste and design (on the one hand) and use of private property (on the other hand). Such bulletins and lot information sheets shall supplement this Declaration and are incorporated herein by reference.
